Meet the Flinders Fertility Clinicians

Prof Neil Johnson

Medical Director and Fertility Specialist – MD, MRCGP, FRCOG, FRANZCOG, CREI

Professor Neil Johnson CREI is the Medical Director of Flinders Fertility. He is also a Professor of Obstetrics and Gynaecology at Flinders University and has honorary academic appointments at the University of Auckland, NZ, and the University of Adelaide. His research interests include the fertility aspects of endometriosis and polycystic ovarian syndrome. Prof Johnson sees patients who have a history of complex or unexplained infertility and a confirmed diagnosis of endometriosis.

• Endometriosis • Multi-factorial infertility • Recurrent implantation failure

Dr Jay McGavigan

Clinical Director and Fertility Specialist, O&G Sonologist – MBBS, MD, FRCOG, FRANZCOG

Dr Jay McGavigan is a Specialist Obstetrician and Gynaecologist and an Obstetric and Gynaecological Sonologist. Dr McGavigan's skills in obstetrics, ultrasonography and procedures are complemented by her experience in the investigation of unexplained infertility and the management, counselling, and investigation of pregnancy loss.

• General infertility • Recurrent pregnancy loss • Ultrasound endometriosis investigation

Associate Professor Toby Angstmann

Fertility Specialist, Director of Research and Innovation

– MBBS, BSc, GradCertForensMed, MRMed, MClinUS, FRANZCOG, FACOG

A/Prof Toby Angstmann is an experienced fertility specialist with interests in metabolic fertility disorders, male factor subfertility, endometriosis and complex infertility. He gained his medical degree at the University of Sydney and holds a Masters in Reproductive Medicine from the UNSW.

A/Prof Johnson has research interests in endometriosis and the use of GLP-1s in fertility. He keeps up to date with the latest science and techniques around IVF and firmly supports complementary therapies for patients' wellbeing.

• Metabolic fertility disorders • PCOS • Endometriosis • Gynaecological surgery

Associate Professor Vasant Shenoy

Fertility Specialist, Endocrinologist – MBBS, MD, FRACP

Associate Professor Vasant Shenoy is an endocrinologist with special interests in male-factor infertility, preconception health and treating fertility-related endocrine issues such as PCOS, premature ovarian failure, diabetes, and thyroid. He offers Telehealth and face to face consultations and is suitable for patients with known endocrine-related conditions affecting fertility.

• Male factor infertility • PCOS • Endometriosis • Diabetes

Dr Paul Knight

Fertility Specialist – BSc(Hons), MBBS, FRANZCOG

Dr Paul Knight offers specialised fertility care for patients with endometriosis, adenomyosis, and other structural causes of infertility. He combines expertise in IVF with advanced minimally invasive surgical techniques—such as laparoscopy and hysteroscopy—to create personalised treatment plans that optimise reproductive outcomes.

• General Infertility • Endometriosis • Gynaecological surgery

Dr V. Prasantha Gange

Fertility Specialist – MBBS, MSOG, MMIS, FSLCOG, FRCOG, FRANZCOG

Dr Gange qualified is a highly skilled Gynaecological surgeon and Obstetrician who has worked in Sri Lanka, the UK, and across Australia. Dr Gange sees male and female patients with both known and unexplained infertility.

• General Infertility • Gynaecological surgery

Dr Sam Seneviratna

Fertility Specialist – O&G MBBS, FSLCOG, FRANZCOG

Dr Sam Seneviratna is a specialist O&G who performs egg retrievals and embryo transfers. He sees male and female patients with general infertility.

• General Infertility

Dr Jessica Floreani

Fertility Doctor – BSc(Biomed Sci), BMBS, DCH, Cert SRH, FRACGP

Dr Floreani holds a Bachelor of Medicine and Bachelor of Surgery from Flinders University and a Certificate in Sexual and Reproductive Health. She provides consultations for fertility assessment, IVF, and egg freezing, supporting individuals and couples at every stage of their reproductive journey.
