

Meet the Flinders Fertility Clinicians

Prof Neil Johnson

Medical Director and Fertility Specialist – MD, MRCGP, FRCOG, FRANZCOG, CREI

Professor Neil Johnson CREI is the Medical Director of Flinders Fertility. He is also a Professor of Obstetrics and Gynaecology at Flinders University and has honorary academic appointments at the University of Auckland, NZ, and the University of Adelaide. His research interests include the fertility aspects of endometriosis (for which he has pioneered the use of Lipiodol in A/NZ), and polycystic ovarian syndrome. Professor Johnson is seeing private patients at Flinders Fertility who have a history of complex or unexplained infertility and a confirmed diagnosis of endometriosis.

• Endometriosis • Multi-factorial infertility • Recurrent implantation failure

Associate Professor Toby Angstmann

Clinical Director and Fertility Specialist

– MBBS, BSc, GradCertForensMed, MRMed, MClinUS, FRANZCOG, FACOG

Dr Toby Angstmann is an experienced fertility specialist with interests in metabolic fertility disorders, male factor subfertility, endometriosis and complex infertility.

He gained his medical degree at the University of Sydney and holds a Masters in Reproductive Medicine from the UNSW. He is a RANZCOG training supervisor and site accreditation leader.

Dr Angstmann established successful O&G and fertility clinics in Canberra and Melbourne and joined Flinders Fertility in January 2025 after relocating to SA. He keeps up to date with the latest science and techniques around IVF and firmly supports complementary therapies for patients' wellbeing.

• Metabolic fertility disorders • PCOS • Endometriosis • Gynaecological surgery

Associate Professor Vasant Shenoy

Fertility Specialist, Endocrinologist – MBBS, MD, FRACP

Associate Professor Vasant Shenoy is an endocrinologist with special interests in male-factor infertility, preconception health and treating fertility-related endocrine issues such as PCOS, premature ovarian failure, diabetes, and thyroid. Vasant the joint-Director of Physician Education at the Townsville University Hospital, and Associate Professor at James Cook University. He offers Telehealth and face to face consultations at Flinders Fertility and is suitable for patients with known endocrine-related conditions.

• Male factor infertility • PCOS • Endometriosis • Diabetes

Dr Jay McGavigan

Fertility Specialist, O&G Sonologist – MBBS, MD, FRCOG, FRANZCOG

Dr Jay McGavigan is a Specialist Obstetrician and Gynaecologist and an Obstetric and Gynaecological Sonologist. She was a Senior O&G Consultant and Lead Clinician for the Maternal-Fetal Medicine Service, leaving in 2024 to join Flinders Fertility. Dr McGavigan also works in both public and private as an Obstetric and Gynaecological Sonologist providing ultrasonography reporting and procedures.

Dr McGavigan's skills in obstetrics, ultrasonography and procedures are complemented by her experience in the investigation of unexplained infertility and the management, counselling, and investigation of pregnancy loss.

• General infertility • Recurrent pregnancy loss • Ultrasound endometriosis investigation

Dr Paul Knight

Fertility Specialist – BSc(Hons), MBBS, FRANZCOG

Dr Paul Knight offers specialised fertility care for patients with endometriosis, adenomyosis, and other structural causes of infertility. He combines expertise in IVF with advanced minimally invasive surgical techniques—such as laparoscopy and hysteroscopy—to create personalised treatment plans that optimise reproductive outcomes.

After earning his Bachelor of Medicine and Bachelor of Surgery from the Australian National University, Dr Knight completed his specialist training in Obstetrics and Gynaecology in Canberra and Tasmania.

Dr Knight takes the time to listen, educate, and empower his patients, ensuring they are well-informed and comfortable with their treatment choices.

• **General Infertility** • **Endometriosis** • **Gynaecological surgery**

Dr V. Prasantha Gange

Fertility Specialist – MBBS, MSOG, MMIS, FSLCOG, FRCOG, FRANZCOG

Dr Gange qualified is a highly skilled Gynaecological surgeon and Obstetrician who has worked in Sri Lanka, the UK, and across Australia. Dr Gange practiced in South Australia for almost a decade as a specialist O&G, most recently at Flinders Medical Centre, before joining Flinders Fertility as Fertility Specialist. Dr Gange sees male and female patients with both known and unexplained infertility.
