Blackwood Community Hospital 13 Laffers Rd Belair

We are delighted to be relocating our consulting and administration to the Blackwood Community Hospital which we believe will be a much better environment for our patients and team. Consultations will commence at our Blackwood Community Hospital site from Monday, 26 February, in addition to our existing site at TechInSA in Thebarton, so patients will continue to have a choice of 2 locations for consultations and appointments.

Flinders Fertility is undertaking a programme of improvement in its clinic and laboratory facilities, including the purchase of new medical equipment, investment in clinical education and training, and we also provide funding for research in women's health and fertility. We continue to invest in our future and build on our history as a responsible profit-for-purpose organisation.

The Blackwood Community Hospital site has served as a healthcare provider in the community, and a long term provider of maternity services since 1954. From 2011, the site has operated as Southern Community Health to reflect its role as a community based hub of healthcare services from which many general, specialist and allied health services are provided. More information is available at www.sahi.org.au

Patients using public transport have the option of Adelaide Metro Bus Services 173, 195, 196 and 197X which link Adelaide, Unley, Mitcham Square, Belair and Blackwood Interchange with Blackwood Community Hospital, while Adelaide Metro Bus Services 600, 601, 605 694 and G30 link Aberfoyle Hub, Marion Shopping Centre, Flinders University and Blackwood Interchange with Blackwood Hospital. Patients can also travel via Adelaide Metro Train Services with Glenalta Railway Station just 750 metres from Blackwood Community Hospital.
